Projects

MindSweep - Chrome Extension | *HTML, CSS, JavaScript, GitHub*

July 2026

- Developed a Chrome extension providing a customisable study timer designed to help users structure study sessions.
- Implemented persistent timer state using Chrome's storage API, allowing sessions to continue when the popup is closed.
- Built the extension using separate popup and background components, communicating through Chrome extension messaging.
- Used Git and GitHub throughout development to track changes, debug issues and iteratively improve the application.

Portfolio Website - deyvinteterko.uk | *HTML, CSS, Javascript, GitHub*

May 2026

- Developed a responsive personal portfolio website using HTML, CSS and JavaScript, applying structured, maintainable code and reusable components.
- Used Git and GitHub for version control, regularly committing and deploying changes through GitHub Pages.
- Configured a custom domain and maintained the site's deployment and hosting infrastructure through GitHub Pages.

Experience

Mathnasium

May 2026 – Present

Maths Tutor

London

- Tutor up to four students simultaneously, marking worksheets to track progress, identify errors and address areas of difficulty.
- Communicate student progress to parents, developing professional communication and confidence when handling difficult conversations.
- Tutor students ranging from Reception to Year 11, adapting explanations to different ages and abilities.

Ealing Swimming Club

January 2026 – Present

Assistant Swimming Teacher

London

- Deliver structured lessons to 5–10 students, maintaining safety and engagement throughout each session.
- Adapt lessons to individual learning speeds and respond effectively to unexpected disruptions during sessions.
- Provide individual feedback to help students improve their swimming technique.
- Maintain a safe environment and identify/respond to potential safety concerns.

Homebase

April 2024

Work Experience

London

- Assisted customers and staff across tills and the shop floor while restocking shelves and maintaining displays.
